

The **Hurricane Creek Metric Loop** is 62 miles, mostly flat-to-rolling with no long climbs. It travels on good pavement thru some of the prettiest country in the area, but to get there you'll have to pay attention; the route winds thru a couple of subdivisions and there are a lot of turns...

**Directions to start**, at the **Cove Park ballfields** near Hampton Cove:

If traveling over Monte Sano on Highway 431 (east on Governors Drive): go 4.8 miles after passing Monte Sano Boulevard and turn Left at Old 431/Sutton Road. Travel 1.6 miles and turn right onto Old 431. The ballfields are on the right.

If traveling over Cecil Ashburn Drive: continue straight on Sutton Road for 0.7 miles and go straight across Highway 431. From the intersection go 1.6 miles and turn right onto Old 431. The ballfields are on the right.
